

Graduate Civil Engineer

November 2018

INTEGRITY

We are open, honest, and consistent in our principles and conduct, so we're able to build trusted relationships with our clients and partners.

RESPECT

We treat everyone with respect and dignity and develop relationships founded on understanding and trust.

ACCOUNTABILITY

We always assume responsibility for our actions and make decisions in line with our economic, social, and ethical obligations.

EXCELLENCE

We pursue excellence in everything we do, challenging ourselves to look beyond the obvious and ensure ongoing improvement.

Senior Civil Engineer

About us:

JDSi Consulting Engineers delivers a comprehensive range of civil engineering services to the land development industry within Western Australia. With recently secured stimulating and challenging projects, our team offers diverse opportunities for personal and professional growth.

Successful project delivery in the land development, mining and infrastructure sectors has resulted in JDSi rapidly developing a reputation for excellence and securing long term projects for high profile clients.

Located in Perth, the JDSi team prides itself on its client and service focus while ensuring a friendly and supportive work environment for its employees. We have recently been awarded some of Western Australia's most prestigious and recognised land development projects. As a key member of our team, you will be expected to use the skills you have developed throughout your career to assist in the successful delivery of these projects.

About the position:

You will be working predominantly on land development projects. As a Graduate Civil Engineer, you will be expected to use the skills you have gathered at through study and commercial experience to contribute to the team within a growing office environment.

This is an exciting opportunity to join a professional team and work in an employee focused Tier 1 engineering consulting company who is highly regarded in the industry.

We are looking for:

To be considered for this role you require the following attributes:

- ▶ Someone who is self motivated
- ▶ Someone who is enthusiastic and willing to learn
- ▶ Someone who is looking for a long term career within the civil engineering industry
- ▶ Someone who has a Bachelor of Engineering and has 2 years' experience

In this role you will:

- ▶ Work closely with engineers and designers to deliver land development projects within Western Australia
- ▶ Perform office duties as requested
- ▶ Enjoy contributing to the success of the projects and JDSi

P: 08 9227 0595
F: 08 9227 8617
